

# L&B

LARSEN & BEST

Proudly providing the highest standard of print finishing for over 45 years.

## SHOWCARD MOUNTING

The mounting of printed paper stock to solid fibre boards. Up to Double Quad Crown.  
NB: All prints requiring mounting must be sealed (overglossed, matt sealed, UV overglossed or laminated).

## DIE-CUTTING

To meet the needs of the trade, our hand-fed platens cut most substrates including solid fibre board, corrugated board, corflute, PVC, polyprop and magnetic sheets. A5 to Double Quad Crown.

## STRUTTING

We manufacture and stock struts ranging in size from 100mm to 1600mm. Double wing struts available in some sizes. Special struts made to order.

## GLUEING

We apply re-moistenable glue, contact glue and also perform screen glueing for customer surveys, application forms, special envelopes, money bands. We will apply the glue that suits your needs.

## FILM LAMINATING

Single sided, double sided, Encapsulation and Pouch. All sizes up to Quad Crown. Matt or gloss.

## CASE BINDING

If you have a job that requires a premium finish, talk to us about case binding.

## GUILLOTINING

Our guillotine can handle work up to 1550mm wide.

## WE ALSO DO...

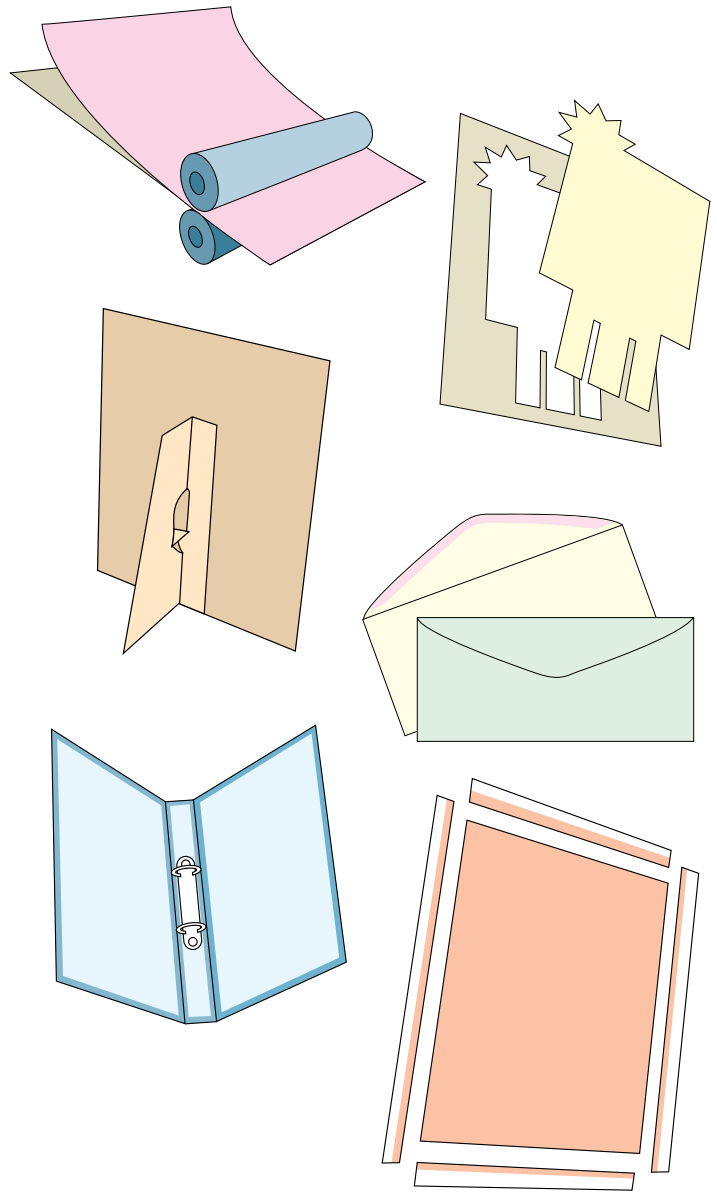

eyeletting • drilling • stringing • mock-ups • assembly • embossing

Whatever your requirements, Larsen and Best deliver print-finishing solutions that stand alone. Our team are dedicated to producing work of only the highest standard, on time and on budget.
